Lab+Blends Professional CBD Massage Balm combines 660 mg of Hemp-Derived CBD with active ingredients and powerful pain fighters for advanced pain management. CBD, known for the support it provides in reducing pain and inflammation and decreasing pain signaling to the brain, makes up a growing part of state-of-the-art clinical care. Enriched with Hempseed Oil and Arnica Extract, this thick, rich balm is THC-free, non-psychoactive, but highly effective in relieving pain.
